WINTER WHEELS SET, WITH MICHELIN TYRES

WINTER WHEELS SET

Ferrari
12 Cilindri

Complement your Ferrari with a complete set of winter wheels and tyres designed specifically for the car.

These stylish Winter Grey wheels are protected by a transparent ceramic treatment for greater resistance to atmospheric agents, corrosion and scratches.

The winter tyres are developed exclusively for Ferrari by the most important brands in the segment to minimise intrusive road noise while guaranteeing the best possible grip, driving comfort and safety.

The set comes complete with a set of additional valves and stud bolts.
