Ferrari  
**Purosangue**

The new all-season rubber mats are now available for the Ferrari Purosangue. Designed by the Ferrari Centro Stile, and made of the highest quality rubber, they guarantee long durability and excellent quality. Produced specifically for this model, the front and rear mats perfectly copy the foot rest area and, through a raised edge, are able to retain dirt, water and snow to avoid dirtying the passenger compartment. The mats are easily removable when not needed.
