

FERRARI *Roma*

FERRARI GENUINE

ORIGINAL ACCESSORIES

**SMARTPHONE INTEGRATION SYSTEM**

## SMARTPHONE INTEGRATION SYSTEM

FERRARI *Roma*

Connect the phone to the car via the new Smartphone Integration system: the car's infotainment will allow you to use the Apps on your smartphone, listen to your favorite music, navigate via Apple or Google Maps without taking your attention off the road.

The possibility of using voice commands will allow you to receive and send messages and check appointments, all directly on the screen of your car.
