

PASSENGER DISPLAY

Ferrari Genuine offers owners the chance to install the sensational passenger display as an aftersales option*.

The display, which is installed on the passenger side of the dashboard, gives passengers the opportunity to share the joys of driving with the driver.

On one side of the screen, a button lets you scroll through the screens, displaying the following information:

- engine speed
- vehicle speed
- gear selected
- manettino setting
- repeated navigation information symbols
- trip computer
