TRIANGLE TRIM KIT**

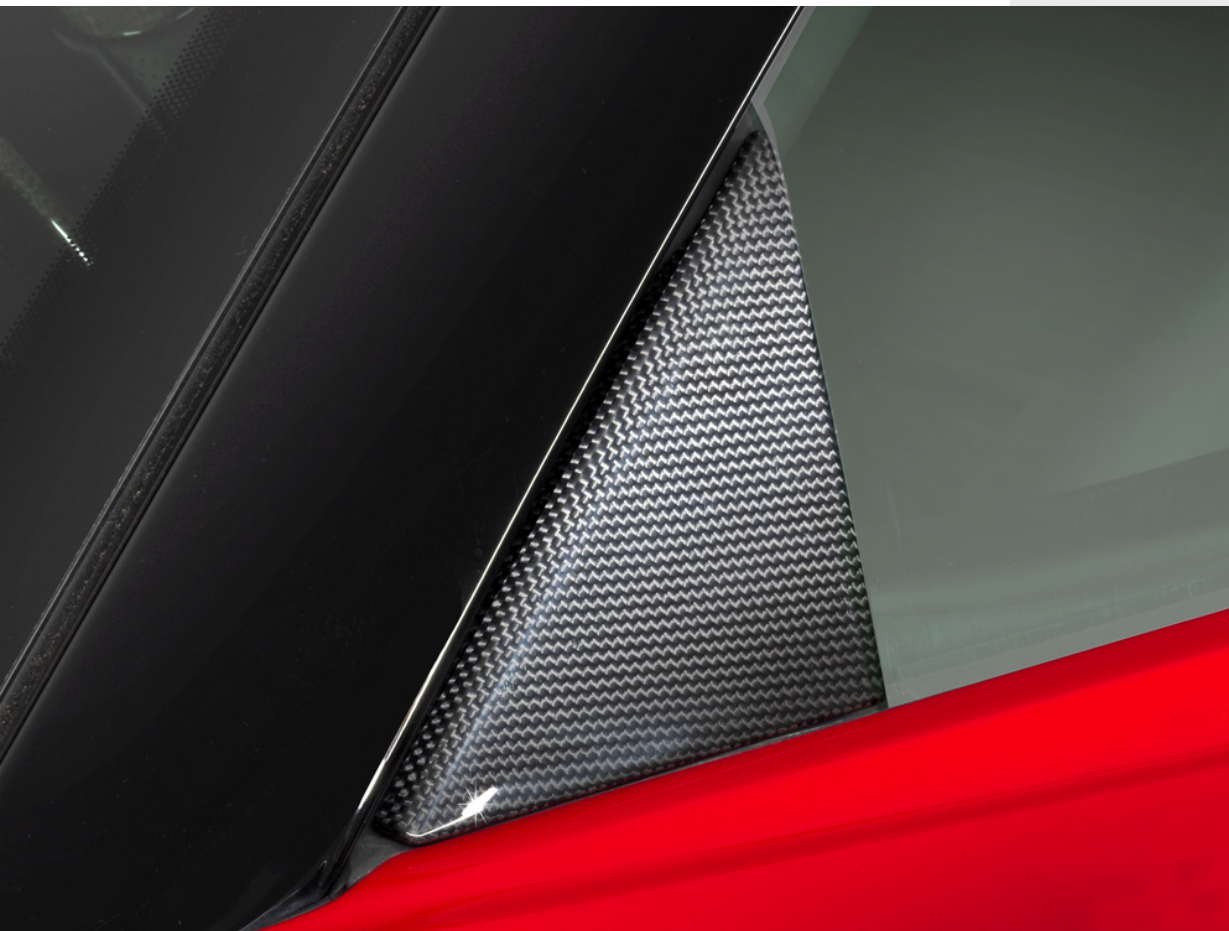

**FERRARI GENUINE CARBON  
FIBRE WINDOW TRIANGLE  
TRIM KIT**

**SF90 STRADALE**

The carbon fibre window triangle trim lets owners personalise their Ferrari with an extra touch of exclusiveness, while the inherent lightness of the material contributes to reducing the overall weight of the vehicle. The distinctive look of carbon fibre accentuates the sports spirit of the vehicle, complementing the exterior design without altering the signature style of the car.
